

Empowering Your On-Site Operations

ABOUT US

Tasbuilt Hire's Mission

Elevate your site, empower your team and create the ultimate high-quality onsite compound with Tasbuilt Hire.

With durable, locally built and comfortable modular solutions including site offices, crib rooms, first aid offices and ablution blocks, you can create a fully undercover, functional space that boosts productivity, morale and safety across your project.

From complete compound solutions for civil projects to durable doors and windows that protect your valuable site equipment, Tasbuilt Hire ensures your team has everything they need to perform at their best. Optional furniture packages and reliable transport to your project site make setup seamless from day one.

Give your crew the facilities they deserve and keep your project running efficiently with Tasbuilt Hire.

Site Offices

Professional and Secure
On-Site Work Spaces

Create a productive, organised, and secure workspace directly on your project site with Tasbuilt Hire's high-quality portable site offices. Designed for project managers, supervisors, and on-site teams, our portable offices provide a clean, climate-controlled, and fully functional environment where you can coordinate daily operations, hold meetings, complete administrative tasks, and stay close to the action.

Engineered for Tasmanian conditions and suitable for construction, civil, industrial, and remote worksites, our site office hire options give your team the professional base they need to keep the project moving efficiently. Whether you require a compact single office or a larger multi-room setup for meetings and project coordination, our portable site offices deliver durability, comfort, and a fast site setup.

With flexible hire terms, quick delivery across Tasmania, and the ability to customise internal layouts to match your workflow, Tasbuilt Hire makes it easy to establish a reliable, purpose-built worksite office that supports productivity from day one.

Crib Rooms

Space to Relax and
Re-energise

Built for Tasmanian conditions and suitable for construction, civil, industrial, and remote projects, our crib rooms offer all the essentials your workforce needs during the day. Whether you require a compact lunch room for a small crew or a larger space to accommodate a growing site team, our portable and mobile crib rooms deliver reliability, durability, and fast site setup.

With flexible hire options, rapid delivery across Tasmania, and the ability to customise floor plans to suit your project, Tasbuilt Hire makes it easy to provide a professional, comfortable, and compliant break space for your workforce.

Tasbuilt Hire's crib rooms are constructed for durability and ease of use, making them ideal for construction sites, industrial projects, remote locations, and both short- and long-term hire. With fast delivery and efficient setup, you can provide a high-quality lunch room or break space that keeps your team comfortable, motivated, and productive.

Ablution Blocks

Built for Staff Wellbeing

At Tasbuilt Hire, we understand that providing a high-quality and hygienic work environment is crucial for any project's success. Our portable ablution blocks are designed to offer a superior standard of comfort and sanitation, ensuring your staff on Australian construction sites have access to clean, reliable facilities.

Our high-quality ablution blocks are a vital component for any worksite, offering essential hygiene facilities that boost staff morale and productivity. These self-contained units are built for durability and are perfect for a variety of industries, including construction, mining, and event management. By choosing our portable ablution blocks, you are providing your team with clean, well-maintained facilities that meet compliance and health standards, no matter the location.

2024

Orford Project Site

Tasbuilt Hire collaborated with the client to design and create the perfect solution for their Orford project site.

Tasbuilt Hire recently collaborated with one of our valued clients to design and create the perfect solution for their Orford project site. We are proud to showcase the 4-unit site setup, which includes: 2 Site Offices, 1 Crib Room, 1 Male & Female Ablution Block, and an Under Cover Area. Our team ensured that everything was set up efficiently, providing the best solution for the site while adding a covered area for added convenience.

2024

Fentonbury Project Site

Tasbuilt Hire is proud to support another remote Tasmanian project with the delivery and installation of three reliable site units, helping create a more functional and comfortable working environment for the crew on site.

Working in remote locations often means that access to everyday facilities can be limited. That is where practical, well-built site infrastructure becomes critical. For this project, the Tasbuilt Hire team delivered and fully set up a combination of units designed to provide the core amenities required for day-to-day operations.
